(https://us-west-1.console.aws.amazon.com/console/home?region=us-west-1)

Launch status

Your container instances are launching. It may take a few minutes until they are in the running state, and ready to access. Usage hours on your new container instances start immediately and continue to accrue until you stop or terminate the instances.

> **View service (/ecs/home?region=us-west-1#/clusters/starbucks-api/services/starbucks-api/tasks)**

Button is enabled when the service has been created.

Amazon ECS status - 4 of 4 complete

Create cluster: starbucks-api

> Amazon ECS cluster created
>
> **Amazon ECS cluster** starbucks-api

Create task definition: starbucks-api starbucks-api

> Task definition created
>
> **Task definition** starbucks-api:1

Create instances for:starbucks-api

> Amazon ECS instances created
>
> **Amazon ECS instances** for starbucks-api

Create service: starbucks-api

> Service created
>
> **Service** Created. Tasks will start momentarily. View: starbucks-api

EC2 instance status - 17 of 17 complete

Your EC2 instances and other cluster resources are being created. This may take a few minutes.
